This tutorial shows instructors the basic approach to reviewing evidence uploaded by students. If you would like help with more advanced evidence review processes, please email our team at pulsar.uoregon.edu.
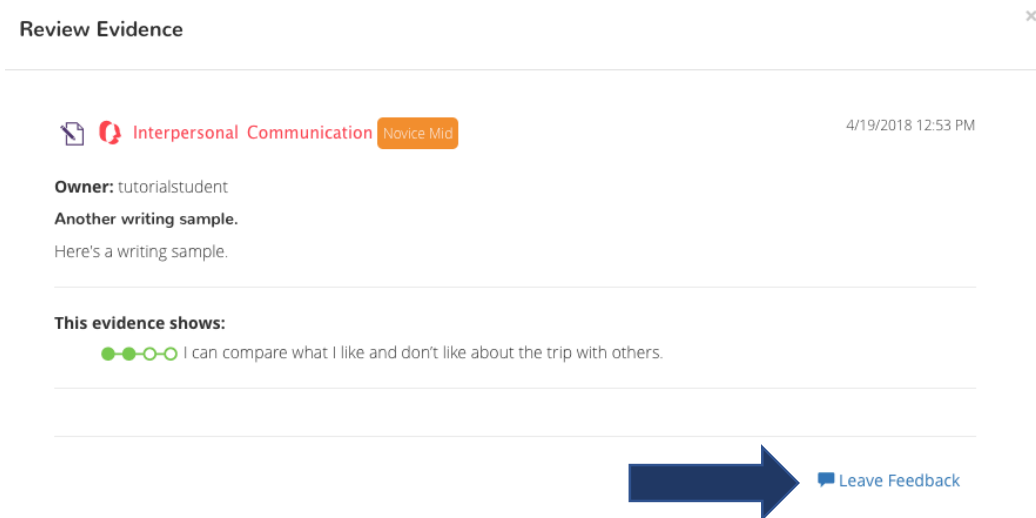

1. Log in at pulsar.uoregon.edu. You will see your dashboard.

2. Under "Reflection," select the evidence you would like to review.

3. Click "Leave Feedback" in the bottom right of the window that appears.

4. Review the evidence and either select "Agree" or "Reconsider." If you select "Agree," you may leave comments in the text box. If you select "Reconsider," adjust the Can-Do slider to better reflect the evidence. You may leave comments as well. When finished, click "Review."
